<sup>6</sup> Hagtølini fevna einans um ferðslu frá haldarum um fastnetið, antin sum vanlig telefoni (PSTN/ISDN). Hagtølini taka ikki hædd fyri ferðslu frá fartelesnetinum, ið fer gjøgnum netið hjá Føroya Tele, júst sum ferðsla frá øðrum fastnetum, ið fara gjøgnum netið hjá Føroya Tele, bert verður tald við eina ferð.

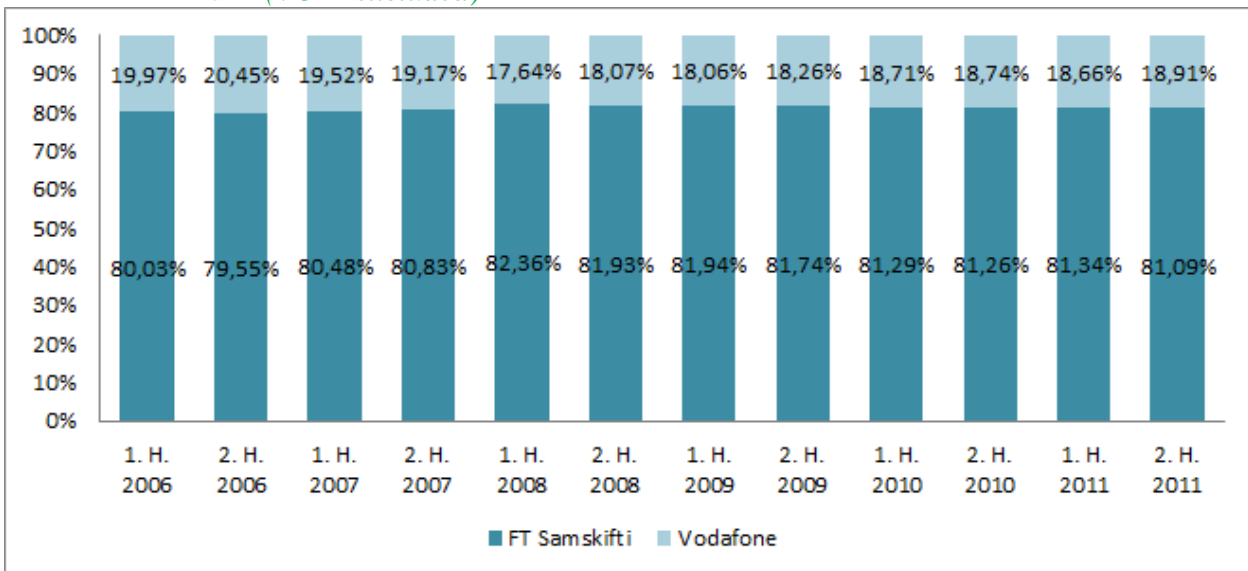

<sup>6</sup> The statistics includes only calls made by subscribers on the fixed network, either as traditional telephony (PSTN / ISDN). Thus, transit traffic from mobile networks via Føroya Tele's network is not included and transit traffic from other fixed networks via Føroya Tele's network is not registered more than once.
